TOURS AND TEAM BUILDING

TECHNOLOGY

We work closely with our audio-visual team which communicate directly with clients to ensure that every one of the technological requirements are not only met but understood.

This does not mean our clients have to use our team, the choice is always available for our clients to utilise an alternative supplier at no additional charge; our AV team will be available for pre-meetings to share best practice and help the incoming AV team navigate our building.

If your event requires something different we can provide the opportunity to full brand stages, rooms, window, and even the reception. Just ask one of the team what we can do for you.

If you are looking for a venue that can deliver something outside of your normal 9-5 conference look no further.

TESTIMONIALS

"We have used the Kia Oval for various events and have always been very happy with the service we have received. I cannot single out one event as all have been handled with the utmost professionalism and 'can do' approach. From the start of the booking process to the end of the event, the Kia Oval team are always courteous, accommodating and willing to make it work for the client. The roof top area is a great addition to the event space and we've been lucky enough to have used it twice and our Partners enjoyed the experience of being able to overlook the grounds with a drink in hand! If we have a large event, the Kia Oval is always our first thought as its 'TNT.....Tried n' Trusted'!"
